

## ANOTHER BIG JAIL DELIVERY IS FRUSTRATED

Sheriff's Search Cells at Local Jail Finding Nine Saws and Several Iron Bars—Two Bull Locks Had Been Sawed.

Another big delivery at the local jail was frustrated Tuesday afternoon when Sheriff C. M. Devore and Deputy Sheriff C. P. Rasp searched all of the cells of the jail as well as the person of all the prisoners and found nine metal saws, several pieces of iron bar and a piece of wood which had been used to draw the saws into the jail.

Jailer Wheeler and his turnkeys had suspected that there was something going on in the jail. Strange noises had been heard at night from the "Bull Pen" where the prisoners were locked and the jailer asked Sheriff Devore and Deputy Rasp to make a search.

Tuesday afternoon at 2 o'clock the officers went to the jail and gave it a very careful going over. In the mattress in the cell occupied by William Kellum, being held on house breaking charges, nine saws were found hidden. The mattress had been torn open and the saws carefully tucked into it. Under the mattress in a cell occupied by Eddie, held for operating a moonshine still, a large piece of iron bar was found and several smaller pieces. Hidden in the cell of Sam Rount, who once before escaped in a local jail delivery, was found a small piece of wood through which there was a hole. Black thread was tied to the top of the wood and it is thought that this was dropped out of a window and the saws tied to it.

The bull lock on a cell through which the last prisoners had escaped was found sawed almost off. With just a little push by the officers, the lock gave way. The sawed bars in this cell had never been replaced but the cell had been locked so as to keep the prisoners out. Another bull lock into a toilet room through which there was a hole to the first floor, was also sawed off.

It is thought that the prisoners had planned to make their escape from the jail tonight but they will be securely locked in separate cells.

The Globe special measure man will be with us on February 27th and 28th with the new spring samples. Have your suit made to measure. George H. Frank & Co. 14Feb10t

## PLANS GO FORWARD FOR BIG CONCLAVE.

A meeting of the Conclave committee of Maysville Commandery No. 10 Knights Templar was held Monday evening at which all the various committees reported progress in making plans for the big convocation. Committees from various commanderies throughout the state will begin arriving in Maysville this week to make arrangements for their quarters and receptions they plan to give during the big meeting. Newport and Covington Commanderies have already chartered two steamboats and will come to Maysville on them, residing on the boats during the meetings.

## WEDNESDAY TO BE HOLIDAY IN MAYSVILLE.

Next Wednesday—Washington's birthday—will be a holiday in Maysville. All banks will be closed and the children of the public schools will be given vacation for the day. No special program in celebration of the day has been arranged as yet.

## POLICE HAVE BIG JOB IN COUNTING CITY'S DOGS

Dog Census of the City Is Already Bringing Results—Many Take Out License on Their Dogs.

At the close of Monday, the first day in the city-wide census of the city of Maysville, Chief of Police James Mackey reports that his patrolmen have found out what a job the City Council gave to them when they ordered a house-to-house canvass of the city to be made to ascertain the number of dogs upon which license has not been paid.

The policemen are diligently executing the orders of City Council and are making their calls at every home. They are uncovering many dogs and their canvass is bringing about the desired results for City Tax Collector Childs has been kept very busy during Monday and Tuesday issuing licenses to dog owners who have called at his office.

It is order of council that following the issuance of notices such as policemen are giving each dog owner, those who fail to pay their tax be haled into court and fined.

Chief Mackey will have a complete file of every dog in Maysville when the census is completed but from the way owners are responding it is thought that it will be necessary to issue few warrants.

## JUDGE NEWELL BACK AT GEORGETOWN.

After spending Sunday here with his family Circuit Judge C. D. Newell returned to Georgetown, Ky., Monday where he will reopen the Scott County Circuit Court. Judge Newell has had a very large docket at this time of court and has disposed of many very important cases. The next court in this district will be at Brooksville the first Monday in March.

## NOVEL DISPLAY OF POCKET SAVINGS BANK

On Saturday of last week, Mr. Hord Willett, the representative of a factory making small savings banks, decorated the windows in the Bank of Maysville very attractively. In the east window is displayed a large mechanical doll about the size of a small boy. This boy is operated by an electric motor, and has attracted much attention because of its life-like appearance. There are only three dolls in the United States like the one on exhibition in Maysville. This doll is designed to advertise some very attractive pocket savings banks which the Bank of Maysville is putting out. These little banks are the neatest and most convenient pocket banks that we have ever seen. They are handsomely bound in leather and have the appearance of a small book. The coins are inserted in a slot in the upper edge and they will hold about \$25.00.

The west window of the bank is equipped with a handsome mahogany, electric lighted case fitted with mirrors, in which are displayed more of these little banks, together with coins of various denominations.

These two windows are attracting considerable attention. Hardly any one passes the bank without stopping to look at them. The banks themselves are being put out by the Bank of Maysville following out its policy of teaching thrift to the citizens of this community. This bank, for a number of years, has been preaching the advantages of thrift. The little banks are designed to save the owners small coins. Every citizen in this community should procure one of these banks and begin to save their small change and see in what a remarkable way it will increase to large amounts. The Bank of Maysville retains the key to these banks, thus removing the temptation to spend your savings. When the bank is filled, or as often as you desire, it may be taken to the Bank of Maysville where it will be opened and the contents deposited to a Savings Account which will draw three per cent. compound interest.

Get one of these banks and try for yourself, and prove to your own satisfaction how easy it is to save.

## NAMED ADMINISTRATOR.

In the Mason County Court Tuesday S. L. Hitt was named administrator of the estate of Rebecca Hitt, deceased, and he qualified as such with A. L. Baldwin as surety on bond.

Mrs. E. Thomas will leave, with her family Paul, Tom, Juanita, Fanny, Thomas, for her parents' home in Ironton, Ohio, to spend a week.

Mayor J. H. Samuel is confined to his home in West Third street on account of illness.

## FURTHER FEDERAL ACTION EXPECTED

Officials of Newport Are Checked Very Carefully By U. S. District Officials.

Newport, Ky., Feb. 21.—Apparently there is another undercurrent of federal action about to be set into motion that will lead to further prosecution of those in Newport and Campbell county who have been accused of allowing the city to fall into the state that required the presence of militiamen.

It was learned last night that there has been a careful examination of the records of several persons who have been accused of various infractions of the law to determine whether their cases come within the reach of the United States District Court. It would seem from the intimation that were given that a means of prosecution has been opened and further arrests may be expected.

This information had a certain bearing upon the proposed journey of a delegation to Frankfort to lay the matter before the Legislature and to act upon the resolutions adopted by five of Newport's churches asking for the impeachment of Lawrence Diskin, the Commonwealth Attorney. The delegation of ministers, after hearing those who have charge of the Citizens' committee, were inclined to wait for this action.

## LEAGUE ORGANIZERS TO MEET AT PARIS ON NEXT TUESDAY

Committee Drafting Constitution of Proposed Bluegrass Baseball League Are Differing On Its Rules.

Paris, Ky., Feb. 21.—A committee composed of Jesse Morton of Lexington, John Linehan of Cynthiana, and B. F. Goodman of Paris, representing the organizers of the proposed new Bluegrass Baseball League, met here last night and decided on February 28 as the date for a meeting of the stockholders of the various clubs to be held at Paris for the purpose of taking final vote on the constitution and by-laws, a draft of which will be presented by the committee at the meeting.

Each member of the committee last night submitted written drafts of conditions under which the league should be formed and conducted. It is understood that these drafts will differ to some extent, perhaps enough seriously to affect the organization of the league, unless the views of the different committeemen can be reconciled.

The committee will hold a meeting some time previous to the gathering of next Tuesday for the purpose of drawing up the rules of the league. Goodman is chairman of the committee.

## TO ATTEND FUNERAL AT CATLETTSBURG.

## HEARING TO BE GIVEN DRUG CONCERN HERE

Judge Cochran Will Act Thursday on Lexington Drug Company's Appeal From Dry Director's Orders.

Federal District Judge A. M. J. Cochran Thursday in chambers here will hear the petition of the Thompson Drug Company of Lexington which, through its attorneys, is seeking a mandatory injunction to require Prohibition Director Sam Collins to issue permits to dispense liquor in the drug stores operated by the company. The Thompson Drug Company is owned by William McGee and Bush Marcoffsky, who filed the petition.

The petition charges that Director Collins recommended that the permits for the drug stores of the company be revoked without giving a hearing or stating the nature of the charges upon which he based his recommendation. Attorneys Harry B. Miller and Charles Fennell will represent the Thompson Drug Company. Judge B. J. Bethurum will represent Director Collins.

The Thompson Drug Company operates two drug stores in Lexington.

## VETO ON BONUS?

Washington, Feb. 21.—President Harding favors postponing soldier bonus legislation until next year, he informed a Republican senator today. He did not say he would veto a bonus bill if it were sent him, but indicated he might do so if protests continued to reach him.

Harding, it was reported, wants to know whether the opposition is to the bonus bill itself or to the payment of the bonus by special taxes.

## OHIO BOY, 14, TRIES SUICIDE; WAS DISMISSED FROM CLASS.

Bellefontaine, Ohio, Feb. 21.—Dismissed from the school room at the county children's home because of misconduct, William Cline, 14, secured a pistol he had secreted in the basement and shot himself in the stomach. His condition is serious, it was said at a local hospital.

## INQUEST POSTPONED AS OFFICIALS LOOK INTO DEATH OF BABE

Coroner Higgins Postpones Holding Inquest Over Baby Found in Creek For Investigation Into Its Parentage.

Coroner Thomas F. Higgins has indefinitely postponed holding an inquest over the body of a baby found Monday afternoon in Cabin Creek near Springdale until officials may have an opportunity to look carefully into the case in an effort to establish the parentage of the baby and the one responsible for its murder.

The theory that the baby's body might have been carried up into the creek from the river on the sudden rise in the creek has been exploded by the officials, who are of the opinion that the baby was thrown into the creek at a point near where the body was found and that the baby was only a few hours, or at most, a day old when its little body was thrown into the water. The body had not been in the water for long when discovered for it did not show signs of decomposition such as could be expected had it been in the water long.

Two other cases similar to this one have occurred in Mason county in recent years and both cases were solved by the officers. It is thought that if the officers are given some time on this case, they will be enabled to unravel the mystery and establish the parentage of the babe as well as fix the responsibility for its cruel murder.

## WILL WED WEDNESDAY.

Mr. Thomas Edgar Cropper, aged 19, of Burtonville, and Miss Alene C. Reider, aged 16, of Epworth, were granted marriage license here Tuesday. They will be married in this city Wednesday by Rev. John Mullen, of the Christian church.

## OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

## DEMOCRATS TAKE STAND AGAINST LAW AND COURTS.

The Dyer anti-lynching bill is a measure in support of law enforcement. That is the long and the short of it. There is nothing partisan in the bill. There is nothing sectional in the bill. It applies alike to the state of Maine and the state of Texas; to the communities of Minnesota and those of Mississippi. If it becomes a law, as it should and no doubt will, its provisions will be in full force and effect in the rock ribbed Republican state of Pennsylvania quite as effectively and as in the solid Democratic state of Alabama.

The provisions of the bill, briefly, provide that mobs which take the law in their own hands violate that portion of the Federal Constitution which provides that every citizen shall have his day in court and equal protection of the laws affecting his safety, his property and his life. The bill defines a mob as an offense against federal statutes and fixes penalties for those who participate in a mob. The teeth in the bill, which is responsible for the outcry against it, is the penalty it lays against the community which stages a lynching.

Realizing the futility of attempting to get convictions against local officers who permit mob laws within the region under their jurisdiction, inasmuch as mobs are generally composed of "leading citizens," the Dwyer anti-lynching bill penalizes the community in which a lynching occurs by a fine of \$10,000 to be collected by the federal court, either by levying upon property belonging to the municipality or county in which the lynching occurs or by directing the municipality or county to levy a special tax for raising this indemnity. This penalty slams the door in the face of the pettifoggery and perjury, which usually characterize trials of local officers who connive with mobs or cowardly yield to them. It puts it squarely up to a community to elect officers entrusted with the enforcement of the law who will perform their duty.

It needs no argumentation to sustain the assertion that it is a rare occasion where a mob has accomplished its purpose in a community where the officers of the law were really intent upon protecting prisoners and seeing that the law took its proper course. Stories of sheriffs and their deputies and police officers being "overpowered" and having prisoners taken from them, or keys to the doors of jails wrested from them are fiction 99 times out of 100,—a fact which the Dyer anti-lynching bill recognizes by fixing a penalty making it a felony upon the part of the officers to permit a mob, and upon the part of individuals to participate in a mob.

It is no surprise that the Democratic party should go on record as a party against law enforcement. It is no surprise that that party which has flirted with all the disorderly elements of society during the past eight years should be so bold as to commit itself by party caucus against a bill which merely provides that the law of the land shall be enforced, or that those individuals and communities which defy it shall be punished. During the eight years of the Wilson regime representatives of socialistic, communistic and radical organizations in this country were embraced to the bosom of the Democratic family. Elements in the United States whose hands were against the Constitution, the government and organized orderly institutions found a welcome in the Democratic party councils. It is a matter of common repute that Democratic party funds found their way into the treasury of various radical organizations, keeping them alive and using them as mediums of propaganda. — National Republican.

## HARDING AT HOME AND WILSON ABROAD.

"In presenting to the Senate the treaties agreed upon at the Armament Conference President Harding occupied a position much stronger than that occupied by President Wilson when he presented the treaty agreed upon at Versailles," declares the Republican Publicity Association. "Mr. Harding was in a position to argue that the honor of the country required the ratification of the treaty. President Wilson and his supporters undertook to make such a claim in behalf of the treaty of peace with its league of nations encumbrance, but the plea gained no credence anywhere.

"The difference between the two situations is clear. President Wilson went to Paris practically alone. He took with him a few subordinates, but he neither counseled with them nor received from them any suggestions. They were mere clerks carrying information to give him if called for. Neither directly nor indirectly did he take the advice of the Senate nor keep the Senate informed as to the steps he was taking. Moreover, it having been reported that President Wilson intended to incorporate in the peace treaty the league of nations covenant, thirty-nine members of the Senate notified him in writing and by the adoption of a resolution that they could not support the treaty with such a provision in it. With that knowledge before him and before the other nations represented at Versailles, President Wilson continued in his determination to interweave the league of nations covenant in the peace treaty in such a way that the whole must be accepted or rejected. He undertook to force the Senate to give its sanction to agreements with which the Senate disagreed.

"No such methods were pursued by President Harding. Instead of going personally as a delegate to the Conference he appointed four of the ablest men in the United States, two of them members of the Senate and leaders of their respective political parties. These four men in constant consultation among themselves and with the President and with members of the Senate represented the interests and desires of the United States government. Moreover, the Senate had already, by adoption of a resolution, declared its desire that treaties be made providing for limitation of armament and settling vexatious questions in the Pacific. Thus it will be seen the President made the treaties with the 'advice' of the Senate.

"In one other respect President Harding's position was much stronger than that of President Wilson. At the same time that he submitted the treaties to the Senate he placed before that body a complete copy of the minutes of the proceedings by which the terms of the treaties were arrived at. In other words, he placed before the Senate all the information in his possession bearing upon the agreements by which it was proposed the United States should be bound. Not so did President Wilson. A vast amount of the data pertaining to the Peace Conference at Versailles was hidden away in what has since been called the 'steel box,' and only in recent weeks have Senate and the public been permitted to know a portion of the contents of that box and even at this late date only such portions as an editor acting under the direction of Mr. Wilson saw fit to make known through the columns of a limited number of newspapers.

## PUBLIC CONFERENCE ON TRAINING OF BUSINESS STUDENTS

Commissioner of Agriculture Calls Second Conference on Business Training.

The United States Commissioner of Education is calling a second public conference on commercial engineering on behalf of a committee of commercial engineering appointed by him to investigate business training of engineers and engineering training for students of business.

The conference will be held May 1 and 2 at the Carnegie Institute of Technology in Pittsburgh. President Arthur Hamerslag of this institution is a member of the committee which is composed of prominent deans of schools of engineering, and of commerce in our larger universities, and of engineers and business men who are nationally known for their interest in the reduction of the costs of production, distribution, transportation, etc., through better training in schools and colleges of the personnel of industry and commerce.

The conference will be open to the public. Invitations to appoint delegates to the Pittsburgh Conference, however, will be sent by the Commissioner of Education to commercial and trade organizations, engineering and scientific societies, educational institutions and other groups as well as to prominent individuals.

Owing to the timeliness of the subject, the conference in Pittsburgh will even have greater national significance than the first public conference on this question, which was held in Washington two and one-half years ago under the direction of this committee on commercial engineering of which Dr. Blen Levin Swiggett of the Bureau of Education is chairman.

"The four major topics of the conference," says Dr. Swiggett, "will be presented and discussed at general and round table sessions by business men, educators and engineers, contributing to the construction of a co-operative program between education and business for the better coordination of all productive and distributive processes in trade and commerce. It is planned to have the second conference even more constructive than the first since which time the curricula of 29 of the 119 engineering colleges reporting to the Bureau of Education have been favorably modified to include one or more of the four committee recommendations. Outstanding topics at the Pittsburgh Conference will deal with the new problems that have recently arisen in modern industries, the solution of which demand a more scientific approach to include job analyses and personnel specifications and a translation of these into a new and teachable content for use in our engineering and commerce schools; with the training of the engineer for a better understanding of problems relating to community development; and with the training of the engineer for management of overseas engineering projects."

## WOMAN, MISSING A WEEK IS FOUND UNDER HOUSE.

Bowling Green, Ky., Feb. 19.—Mrs. Ivy Ellison Huffman, 45 years old, milliner, who disappeared a week ago tonight from the home of her brother-in-law, Congressman Nathan F. Hill, was found this afternoon under the house of a neighbor, about 250 feet from the Hill residence. When she disappeared Mrs. Huffman, who suffered a nervous breakdown some months ago, was clad only in a light calico garment. When found today her feet had been frozen and she was very weak from lack of nourishment.

## FARM AFFAIRS ARE MUCH BETTER SAYS FINANCE REPORT

Director of War Finance Corporation Sees More Cheerful Outlook for the Agricultural Affairs of the Nation.

Washington, Feb. 19. — Improvement in agricultural conditions is beginning to manifest itself in an orderly liquidation reflected in recent repayments to the War Finance Corporation in connection with its loans for export, agricultural and livestock purposes, Managing Director Eugene Meyer, Jr., declared tonight in a formal statement.

From January 1 to February 15, inclusive, he said a total of \$15,233,000 had been repaid to the corporation of which \$3,920,000 represented repayment of loans made under the war powers of the organization. Of that sum, he added, \$163,000 was repaid on cattle loans and \$3,757,000 on railroad and public utilities loans.

Repayment of export advance, Mr. Meyer said, totaled \$6,641,000, of which \$520,000 was from exporters; \$753,000 from cooperative associations and \$2,644,000 by banking institutions while \$3,693,000 represented liquidation of export loans financed through Edge law bank acceptances. Repayments of agricultural and livestock loans, he continued, aggregated \$3,671,000 of which \$2,877,000 was repaid by banking institutions, \$347,000 by livestock loan companies, and \$447,000 by co-operative associations. "All repayments have been voluntary," Mr. Meyer said, "and a considerable part of the total represent repayments before due dates."

## TAKE IT IN TIME

Just as Scores of Maysville People Have.

Waiting doesn't pay. If you neglect kidney backache, urinary troubles often follow. Doan's Kidney Pills are for kidney backache, and for other kidney ills. Ask your neighbor. Maysville citizens endorse them. Ben P. Fleming, country constable, 228 Limestone street, Maysville, says: "I have used Doan's Kidney Pills off and on for several years when I have needed them. I always get Doan's at Wood & Son's drug store. I have been greatly benefited by them. At times my kidneys get out of order and I suffer with a dull constant ache through the small of my back and the kidney secretions are irregular in passage. A box or so of Doan's have never failed to relieve the trouble in a short time."

The above statement was given November 14, 1916, and on November 22, 1920, Mr. Fleming added: "I am glad to renew the statement I gave for publication some years ago as the cure Doan's Kidney Pills made for me is still permanent. I confirm my former statement in every detail as it was all true." Price 60c., at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fleming had. ## New York Letter by Lucy Jeannie Price

New York. — "Smile Week" in Brooklyn, according to the best estimates, resulted in thirteen cases of disorderly conduct in the Gates Avenue Court. One Brooklyn husband tried to get a smile from the entire family by dropping a lighted cigarette into his wife's coat pocket. The result was not entirely what he had planned. In court, the humorous husband was ordered to live apart from his wife until the strain of "Smile Week" is over.

Passengers on the upper deck of the new Fifth Avenue busses will be protected by a glass enclosure. New Yorkers have proven that they aren't quite hard enough to ride on top in the open and undiluted air during the winter months. So in order to have the top given any use during five months of the year the conservatory effect is to be accomplished.

—NY—  
When a witness in a rent dispute in one of our suburbs testified in court that the landlord was a generous man, another tenant present fainted dead away.

Plans are announced by the Shubert offices to establish theaters and offices for their new vaudeville circuit in 35 cities of the country.

—NY—  
Miss Adella Potter, chairman of the Committee on Law Enforcement of the New York City Federation of Women's Clubs, has written to the National Association of the Motion Picture Industry asking that prohibition jokes be kept off the screen; and that the resolution of her committee asking for serious treatment of the subject by newspapers, magazines and films be thrown on the screen all over the country.

—NY—  
One more opportunity to keep oneself looking beautiful has been added to this city of opportunities and opportunity-takers. Girls have discovered that there is a decidedly redeeming feature in the new pressure gates in the subway stations. This is the electric light beside the slot in which the necks are dropped. With its aid and that of the handbag mirror, they powder their noses, adjust their hats and quite re-do their toilettes during the three seconds they take to pass through the gates.

—NY—  
New York women still blush! All charges of ultra-sophistication hurled

at us occasionally from other parts of this great country have been permanently stopped. It was done at Monte Carlo the other day. "If the winner blushes, she's an American," said an executive of the Carlton restaurant there during the drawing of a big lottery prize. The prize was a pair of black silk pajamas trimmed with ermine. When the fluffy garment was tossed over to the holder of the lucky number, she blushed markedly. And she proved to be not only an American, but Mrs. S. Goldenberg of New York City.

—NY—  
The Fulton Street Noon Prayer Meeting is about to have an anniversary. It was founded by the Rev. Jeremiah Galvin Lanphier of the Collegiate Dutch Reformed church 65 years ago, and it has exhibited truly marvelous power ever since. It has gone through storm and sunshine, through revival and depression, through the Civil War and the triumphs of peace. Right in the heart of the Wall street district, at twelve o'clock every day, the prayer meeting holds crowds of bankers, clerks, stenographers, brokers, workmen, men and women, representatives of every calling. Some of the foregoers their lungs hto be present. Requests for prayers come in from the Pacific Coast, from the islands of the sea and the mountains of India. Every week there is a different speaker at the meeting, and always a good one. There is no talk of social uplift and no new cults there. Just old-fashioned religion which seems to mean more to the busy people of that hectic district than any argumentative discourse.

## WHAT RIGHTS SHOULD AMERICAN WOMEN HAVE?

### Proposed Amendment to Federal Constitution Develops Opposition Among Feminine Sex.

Washington, D. C. — "All the legislation which might be passed could not make a man and a woman alike. The fundamental difference of sex and all that it implies must forever forbid complete similarity."

With this for a basis, Mrs. Florence Kelly, of the National Consumers' League, sent broadcast some questions which, she says, must be answered before the new proposed Federal amendment proposed by the National Woman's Party be considered by Congress on the estate legislatures.

The proposed amendment as drafted reads:

"Section 1. No political, civil, or legal disabilities of inequalities on account of sex, or on account of marriage, shall exist within the United States or any place subject to their jurisdiction."

"Section 2. Congress shall have power to enforce this article by appropriate legislation."

Some of Mrs. Kelly's questions are:

"Will husbands need to continue to support their wives?"

"The payment of civilian widowed mothers' pensions is clearly an inequality on account of sex and of marriage, which does not apply alike to both sexes. Shall widowers have pensions, or shall widowed mothers be deprived of theirs?"

"Will the amendment destroy the new law popularly known as the Sheppard-Towner bill, which creates an inequality by reason of sex, in favor of women, maternity not applying alike to both sexes?"

"What becomes of the dower rights that women have in many states?"

"Will women be subject to conscription?"

"What will become of the Mann act, which exists solely for the protection of women and girls?"

"Will these women wage earners who now have the benefit of the statutory eight-hour day, rest at night, and one day's rest in seven, lose these advantages?"

"How can they get an eight-hour

### URGE BRITISHERS TO STUDY UNITED STATES HISTORY

Better Knowledge of America Demanded by Noted London Educator.

Washington, D. C. — The British Conference of Educational Societies is considering the suggestions made it by George Peabody Gooch, joint editor of the Contemporary Review, regarding the need in British schools of a more exhaustive study of American history. Mr. Gooch emphasized the need of exchange of university professors and students between England and the United States and lamented the fact that outside of a few noted writers, American men of letters were not more largely read in England.

"When once we break through the crust of American history and get really inside," he pointed out, "we are astonished at the wealth of philosophical interest. We have had a sort of conviction that when America became independent she did not concern us any more."

"We do not want a political alliance with America," Gooch concluded, "but rather an understanding which comes from the inheritance of great and uplifting traditions, and the closer we get to one another the greater will be our power of maintaining the best—many of them noble—elements of the Anglo-Saxon tradition."

On next Friday evening at the Colored High School building, the pupils of Miss Whaley's and Mrs. Owens' rooms will give a physical culture demonstration. Those who witnessed a previous demonstration of this nature were highly pleased. This one promises to be much greater than the previous one. All interested in the physical development of the boys and girls should not fail to be present. Miss Mary Whaley is the efficient director of these plays.

### INFLUENZA IN PRISON.

Frankfort, Ky., Feb. 19. — The first epidemic of influenza among convicts at the Kentucky State Reformatory this winter was reported tonight with between 60 and 70 cases in the prison hospital. The cases were reported to be mild and no deaths had occurred until late tonight as far as could be learned. All patients are in the prison hospital under care of physicians who are making special efforts to prevent any spread of the epidemic.

### IRVIN S. COBB ILL; CONDITION SERIOUS.

Boston, Feb. 19. — Irvin S. Cobb, author and humorist, was seriously ill at a hotel here tonight after a relapse from influenza, which forced the cancellation of a lecture last Wednesday. Dr. J. H. Stevens said that Mr. Cobb's condition was "serious, but not dangerous."

### GEORGETOWN DEAN RESIGNS POSITION.

Georgetown, Ky., Feb. 19. — Dr. John L. Hill, dean of Georgetown College, tendered his resignation to Dr. M. B. Adams, president of the college, to accept a position as editorial secretary of the book and tract department of the Sunday school board of the Southern Baptist convention, with headquarters at Nashville. The resignation will take effect the first of June. The position that Dr. Hill will accept is a new one, so far as the Baptist denomination is concerned. He will have charge of the organization of the department, whose main purpose is to direct and supervise the expression of southern Baptist life in literature. The work will include the kind of literature used, as well as the selection of authors.

## Want to Feel Just Right?

Take an NR Tonight

JUST TRY IT AND SEE how much better you feel in the morning. That "toger" headache, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

**TROUBLE IS**, your system is clogged with a lot of impurities that your overworked digestive and eliminative organs can't get rid of. Pills, oils, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every day.

If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.

## NEW HIGH SCHOOL TO BE DEDICATED ON WEDNESDAY

Beautiful New Tollesboro High School  
To Be Formally Dedicated to Edu-  
cational Purposes at Big  
Gathering Wednesday.

The town of Tollesboro will prob-  
ably see one of the biggest days in its  
history Wednesday when the beauti-  
ful new High School building recent-  
ly completed will be formally dedi-  
cated to the education of the youth of  
Tollesboro and community.

This beautiful new building is mod-  
ern in every respect and is very large  
and spacious. It was built on the con-  
solidated school plan by a community  
corporation at the head and which is  
Colonel B. C. Grigsby and to whom  
much of the credit for the beautiful  
edifice is due. Colonel Grigsby and  
his assistants worked hard on the  
proposition and they are now giving  
to Tollesboro one of the best equipped  
High School buildings to be found in  
the state of Kentucky and a much bet-  
ter building than is found in most  
towns twice the size of Tollesboro.

Prof. Charles Turnipseed, formerly  
a Mason county educator and a broth-  
er of Mason county's school superin-  
tendent, is the proud principal of the  
Tollesboro school and he is assisted  
by an able corps of teachers.

The chief dedicatory address will  
be made by Hon. V. O. Gilbert, of  
Louisville, former state Superintend-  
ent of Public Instruction of Kentucky.  
The two other chief addresses will be  
made by Hon. A. D. Cole and Judge  
Harry C. Curran, of Maysville. Prof.  
J. Q. Adams, Superintendent of the  
Lewis county schools and Prof. Geo.  
H. Turnipseed, Superintendent of the  
Mason County Schools, will also  
speak.

The exercises begin at 10 o'clock  
Wednesday morning and will continue  
all day. At noon a great banquet will  
be served. At night the school child-  
ren will give an entertainment upon  
which they have been practicing for  
some time and which will prove most  
interesting and instructive.

### NATURE LOVES BRIGHT COLORS.

We see the truth of this statement  
in the varicolored flowers, the vivid  
sunsets, the birds of brilliant plumage.  
But we never see it exemplified more  
attractively than in the person of a  
splendidly healthy woman. How does  
nature paint this health? Why, in the  
rosy cheeks, the transparent skin, the  
smooth red lips of such a woman.  
And she molds it in firm flesh and  
rounded contours. The ailing woman  
is deficient in natural coloring and she  
does not even appear to advantage in  
clothes that would set off her more at-  
tractive sister. Many women who long  
for glowing health will find that they,  
too, can have these charms if they  
will give a trial to that remedy which  
brings strength to frail women —  
Lydia E. Pinkham's Vegetable Com-  
pound.

## JACKSON GREGORY WROTE FINE STORY

For Miss Frederick's Latest Starring  
Production—"Two Kinds  
Of Women."

A story that bristles with thrilling  
incident and glows with the warmth  
of romance gives Pauline Frederick a  
splendid vehicle in "Two Kinds of  
Women," her current R-C production  
which will be seen at the Washington  
Theater on Wednesday—Washington's  
birthday.

"Two Kinds of Women," based upon  
Jackson Gregory's novel, "Judith of  
Blue Lake Ranch," is a western story  
and one of the most engrossing that  
ever flowed from the facile pen of  
Mr. Gregory, who has to his credit a  
long list of notable stories laid in  
Western settings.

"Two Kinds of Women" introduces  
Miss Frederick in a role that fits her  
as snugly as a rubber cap fits the  
head of a bath. She is the virile, ef-  
ficient, wholesome type without losing  
a bit of the feminine charm that  
makes her beloved of motion picture  
audiences the world over. She finds,  
for example, that the welfare of the  
big ranch her father has left her is  
jeopardized by a group of culprits  
headed by one of the employees, and  
the plot revolves chiefly about her  
fight to outwit the gang.

Through the story of adventure that  
moves swiftly from the outset is wov-  
en a romance that does much to  
heighten the dramatic appeal of this  
most interesting narrative.

Among those who appear in sup-  
port of Miss Frederick are Tom Sants-  
chi, who is also a star in his own  
right; Charles Clary, who has appear-  
ed in many notable photoplays; Eu-  
gene Palette, Jack Curtis, Billy El-  
mer, Clarissa Selwynne, Jean Cal-  
houn, Otis Harlan, famous as a mu-  
sical comedy star several years ago  
and still a mirth-provoking power on  
the screen, Tom Bates, Dave Winter,  
James Farley and Joseph Singleton.
